## For The Love of It

You can do what you love,  
or you can love what you do.

**It's not about finding a new job.  
It's about finding a new way of  
looking at the job you have.**

A large number of colorful birds, including various species of parrots and doves, are shown in flight against a clear, bright blue sky. The birds are scattered across the frame, with some in the foreground and others further away, creating a sense of movement and energy. The colors of the birds range from vibrant reds and yellows to deep blues and greens.

## Begin With a Full Cup

Begin each day with a “full cup” because it is important to do things in your life that fill you with energy.

**Find what takes your breath away.**

## Find Guides

Want to fall in love with what you do?

**Then hang out with folks who are in love with what they do.**

## Act As If

So . . . .

Sometimes, you just have to act "as if." Even if you're scared. Even if you haven't worked the kinks out yet.

**Act "as if" you can.**

# Express Gratitude

The factor that most determines your happiness is gratitude.

**The more you are grateful for,  
the happier you will be.**

## Make a Contribution

Don't worry about making a difference. If it happens, it happens.

**Just take the responsibility of making a contribution.**

# Chase the Light

Take action. You can't wait for it to come to you...  
for everything to be perfect.

**You have to fall in love with what you're doing, right now.**

## Pass It On

When you love what you do,  
pass it on. Teach others to love  
what they do.

**That's the way it is  
Pu'uwai Aloha—a loving heart.**

# For The Love of It

Fill your cup, sing your song,  
pass on your passion...  
and do everything you do...

**just for the love of it.**
